Trying hard to be aware even when I know the sky s
falling -
Terror cried to me she s scared wanna run away but
she s stalling -
And the weather is strange it keeps raining everyday -
I keep walking away from the place in the cage where I
feel like I m stuck on the same path I followed working
hard to try and break the chain -
Better to see you, better to see you -
Now I got a feeling nothing will slow you -
Always Afraid -
Does the pain you kill change the way you feel -
Always Afraid -
I ran into a friend today he wanted me to know you
were sorry -
I didn t know what to say I want to hear your side of the
story -
I keep walking away from the place in the cage where I
feel like I m stuck on the same path I followed working
hard to try and break the chain -
Better to see you, better to see you -
Now I got a feeling nothing will slow you -
Always Afraid -
Does the pain you kill change the way you feel -
Always Afraid -
I keep walking away from the place in the cage where I
feel like I m stuck on the same path I followed working
hard to try and break the chain -
It's better to see you, better to see you -
Now I got a feeling nothing will slow you -
Better to see you, better to see you -
Now I got a feeling nothing will slow you -
Always Afraid -
Always Afraid -
Does the pain you kill change the way you feel -
Always Afraid
