Burn! burn you got that, burn, burn -  
Oh mother please inform me what keeps tearing you  
apart -  
Did someone squeeze the life out of you and -  
Has father been drinking nightly did he hurt you with  
his mouth -  
This time I'm gonna make him think again -  
Burn -  
Days and nights take a turn -  
Burn -  
Days and nights take a turn -  
It's taken a lifetime -  
Please let me tell the story they had a fallen out -  
This time she heard voices calling as -  
Gaseoline fills the bedroom as father passes out and  
one match means the nightmares over -  
Burn -  
Days and nights take a turn -  
It's taken a lifetime -  
She sat down ans wrote a letter broken down and in  
distress she had to make things better -  
So she decided to destroy the family -  
Without a dought destroy the family, destroy the famil!  
-  
Burn -  
Days and nights take a turn -  
It's taken a lifetime -  
Burn -  
Days and nights take a turn -  
It's taken a lifetime -  
Oh mother please inform me what keeps tearing you  
apart -  
Did someone squeeze the life out of you and -  
Has father been drinking nightly did he hurt you with  
his mouth -  
This time I'm gonna make him think again -  
Burn!
