If I da lied, if I da cheated, I d understand
I ve tried my best to be the perfect man
Now all I really wanna do is hold â€˜er
But all she s given me tonight is a cold shoulder

I wish that she would tell me what she s going
through
Or go ahead and leave me if she s going to
But it s like she hasn t heard a word I ve
told â€˜er
All she s given me tonight is a cold shoulder

I don t know the woman she s turned into
But I do know that she s got my heart turning blue
The more she turns her back, the more the nights get
colder
I put all the blame on her, cold shoulder

I wish that she would tell me what she s going
through
Or go ahead and leave me if she s going to
But it s like she hasn t heard a word I ve
told â€˜er
All she s given me tonight is a cold shoulder

From the looks of fades it s looking like it s
over
And all I ve waited on tonight is a cold shoulder
Yea, all I ve waited on tonight is a cold shoulder
