I don't know too much about you

But I know enough to say enough's enough

I don't ever have to doubt you

Coz I know you'll always be around

No matter how hard I try not to be found

Chorus:

I could do without

A helicopter over my house

Big Brother, you were always like a sister to me

Now I know what it's like

To be wanted by the FBI

The KGB, the CIA

I'm writing you this letter to say

Dear Jane
