You can't understand
When you're running away from it all
Take notice, I'd take the fall for you
For you I'd stand
In the face of a thousand trains
Ruin my last pair of shoes in the rain
For one last look at you

And I was just wondering
Do you feel the same way too?
In bed late at night
Go you see the same things I do?
This chance that I'm taking
I've tried I can't shake it
This madness can't be just mine
Madeline

There's things that a man
Can't do without well I guess I can
Coz I'm not a man no not in that sense of the word
Coz I can't say it straight
Better left hidden maybe I'll make
This disappear and take off with what's left of my pride
No, I said I'd stand
And I'm doin the best that I can
To make sure that You understand
What you mean to me

Repeat Chorus

I never said, never told
And it's eating a hole in me
I never told, never will

And I was just wonderin
Did you keep the same things too?
In bed late at night
Do you wish you'd done the same things I do?
This chance that I'm takin
I've tried I can't shake it
This madness can't be just mine
Madeline
