Tell me you're coming home, someday  
Tell me you won't be back, for a long time  
Tell me you'll break me up, tell me you'll cut me off  
Tell me you're trying to quit

Tell me you never wanna hear my voice again  
'Cause I might change your mind  
Could I bring you back to me?  
Could I bring you back to life?

Tell me you'll call me back, tomorrow  
Tell me I'm not the one, oh and I've never been  
Tell me I'm always wrong, tell me I won't forget it  
Tell me you're falling quick

Tell me you never wanna see my face again  
Because I might change your mind  
Could I bring you back to me?  
Could I bring you back to life?

When I fall, will I fall too hard?  
When I fall, will I fall too hard?  
When I fall, will I fall too hard?

(When I fall, will I fall too hard?)  
(When I fall, will I fall too hard?)  
When I fall, will I fall too hard?  
When I fall, will I fall too hard?

Am I wasting all my breath? (when I fall, will I fall too hard?)  
Am I wasting all my time? (when I fall, will I fall too hard?)  
Am I wasting all my breath? (when I fall, will I fall too hard?)  
Am I wasting all my time? (when I fall, will I fall too hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)  
Am I wasting all my time? (when I fall, will I fall too

hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)

Am I wasting all my time? (when I fall, will I fall too hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)

Am I wasting all my time? (when I fall, will I fall too hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)

Am I wasting all my time? (when I fall, will I fall too hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)

Am I wasting all my time? (when I fall, will I fall too hard?)

Am I wasting all my breath? (when I fall, will I fall too hard?)

Am I wasting all my time?
