Whoa man, just got back from out of town, met a girl,
she made me sweat
She took me up on all my bets, I could keep up
And oh man, I remember my momma said
"find a girl that's pure as snow, just settle down and
praise the lord"
She never met my mom,

And I was at the bar, she caught me staring at her
dress
She smiled and bought me drinks, and you can
imagine what came next

I like the ones who, I like the ones who, I like the ones,
I like the ones who like to show me around
Do what I like, they do what I like to, do what I like
They do all of the things that I like to do

And oh man, should've seen the way she danced
Type of girl to keep me up all night,
Type of body to make your jeans get tight
And she got on the stage and sang a song everyone
knows,
She moved in time and whispered in my ear,
"do you wanna take off my clothes?" Yes

I like the ones who, I like the ones who, I like the ones,
I like the ones who like to show me around
Do what I like, they do what I like to, do what I like
They do all of the things that I like to do

I like the ones who, I like the ones who, I like the ones,
I like the ones who like to show me
Do what I like, they do what I like to, do what I like
They do all of the things that I like to do

I like the ones who, I like the ones who, I like the ones,
I like the ones who like to show me around
Do what I like, they do what I like to, do what I like
They do all of the things that I like to do
