Where have I been all my life?
What have I done with my time?
What ever happened to me,
How long have I been asleep?

Wake, wake me up, wake me up inside
Light up my heart
With the spark from your burning light
God please just wake me up

I wanna rise from the dead
And feel this heart beat again
Don't wanna waste one more day
Lord do whatever it takes

To wake, wake me up, wake me up inside
Light up my heart
With the spark from your burning light
God please just wake me up
Let your love, let your love
Open up my eyes
Light up my heart with a spark from your burning light
God please just wake me up

I can hear you calling out my name
I will rise, I will rise and be remade
Oh and I will never be the same
I will rise, I will rise and be remade

Wake, wake me up, wake me up inside
Light up my heart
With the spark from your burning light
God please just wake me up
God please, god please
Wake, wake me up, wake me up inside
Light up my heart
With the spark from your burning light
God please just wake me up

Let your love, let your love
Open up my eyes

Light up my heart with a spark from your burning light
God please just wake me up
I can hear you calling out my name
I will rise, I will rise and be remade
Oh and I will never be the same
I will rise, I will rise and be remade

Where have I been all my life?
