"Do As I Command You"

Visit "[Do As I Command You](#)" on MotoLyrics.com

Do as I command you, use more than just your heart
With all your soul and your mind you gotta love the
Lord your God
If you follow Him and you listen to His call
If you give your life and promise Him your all
You'll see eternal life. You'll see His path is right.
(cause He said)
Do as I command you, use more than just your heart
With all your soul and your mind you gotta love the
Lord your God
Love your neighbor as yourself and your faith will come
from above
When you think of Jesus remember you're thinking of
love
You'll see eternal life. You'll see His path is right.
(cause He said)
Do as I command you, use more than just your heart
With all your soul and your mind you gotta love the
Lord your God
He is Almighty God and He has given you life
So when He calls your name, don't think twice.
Do as I command you, use more than just your heart
With all your soul and your mind you gotta love the
Lord your God
