They tell me that God created a man
While He made plans for a woman in the other hand
Then He gave them both life and the way to survive
And they tell me that's why today I'm alive
Then Noah built a big ol' cubit boat
Cause the Lord said it would rain and he'd need a way
to float
So he loaded up animals all by the pairs
Lions and tigers and oh my there were bears.
That God is the same God that changed my life
That God is the One they call Jesus Christ
And He'll be the same forever.
They tell me that Jesus died for my sins
They tell me that one day He'll come again
So I said I believe in the son of man
And I said I believe that He has a plan
Now I live my life in the way of Christ
I shake my head in the way of the dead
I'll give to the Lord all that I own
Just to stand before His Holy throne.
That God is the same God that changed my life
That God is the One they call Jesus Christ
And He'll be the same forever.
Yesterday, today and til never
Jesus Christ is the same forever
I've read the stories and I've read His Word
Still there's things I haven't seen and things I haven't
heard
The Lord is still moving, still teaching His ways
I see people giving their lives everyday
So its your turn now to give it a try
Open your heart and let God in your life
There's nothing you can do, there's nothing you can
say
To make our Savior turn away.
That God is the same God that changed my life
That God is the One they call Jesus Christ
And He'll be the same forever.
