I don't want to worry
I don't wanna whine, but leave me here (but leave me here)

Take this part of me while the rest still is breathing on
the best part of you left while, while you were leaving

Cha---anging things are always changing
And
Cha---anging things are always changing

Take this as a lesson learn from what you left behind
Oh, the best of me is here while the best of you is gone

Oh and, I don't want to worry and I don't want to whine
but leave me here (but leave me here)
and I miss you, I miss you, but the best of you, left me
here to die

Cha---anging things are always changing

And
Cha---anging things are always changing
Cha---anging things are always changing
And
Cha---anging things are always changing

How do you, ha, ha, ha, how do you, how do you like
me now
How do you, ha, ha, ha, how do you, how do you like
me now

Cha---anging things are always changing
And
Cha---anging things are always changing
Cha---anging things are always changing
And
Cha---anging things are always changing

And I'm still learning how to breathe
Taken by your choice to leave
It's now the end no longer new

This is the last I sing to you
