Trouble bound  
We hit the town  
And I'll never forget that sound  
Tonight I fell asleep at the wheel  
I woke up just in time with chills  
Darting down my spine

Take me down, take me down  
And my feet will follow  
Wherever my heart goes  
I'll come around I'll come around  
Like I always  
I'll get my feet on the ground  
I'll get my feet on the ground

Mess around  
We messed around  
But as empty as we were  
There's was no love to be found  
So I take the pills to help me sleep  
Wake up just in time with nightmares  
Tugging at my sheets

Take me down, take me down  
And my feet will follow  
Wherever my heart goes  
I'll come around I'll come around  
Like I always  
I'll get my feet on the ground  
I'll get my feet on the ground

Let me drink you away  
Let me drink you away  
The harder I try  
The more that I seem to pay  
I don't want to be like this  
My bodies aching  
My pulse is racing

Take me down take me down  
And my feet will follow  
Wherever my heart goes

I'll come around  
I'll come around  
Like I always  
I'll get my feet on the ground  
Take me down take me down  
And my feet will follow  
Wherever my heart goes  
I'll come around  
I'll come around  
Like I always  
I'll get my feet on the ground  
I'll get my feet on the ground  
I'll get my feet on the ground
