Smile here we go
A picture and a flash
These years went by so fast
And it seems
As we pose
Though we started out as friends
Our love will never end

We had so much fun
Always stayin' up too late
Thinkin' life would never change
Now you're gone-and I'm alone
With just a picture in a frame
And a memory of your name

I can feel your kiss
Soft upon my lips
And it's you I miss

I
Wish you could be
Standing next to me
Not just in my dreams, but in reality
Looking through the glass
I can see our past
And I want you back
In my photograph

Now as time goes by
And the pictures start to fade
All the memories we made
Still live on in my heart
And even though we're miles away,
We will never be apart
And I
Feel your kiss,
Soft upon my lips
And it's you I miss
Chorus

So here I cry Thinkin' I have said my last
goodbyes

But as I wait
I can almost hear you say

Smile
here we go
Another picture taken here
I always will be near

I wish you could be
Standin' next to me
Not just in my dreams, but in reality
I can hear your laugh
And I realize that
You're my missing half
In the photograph

Wish you could be
next to me
Not in my dreams-reality
And through the glass
I hear your laugh
And I want you back in my photograph
