Sometimes the mirror's are too clear  
For the whispers in your ear  
With that magazine just tellin' you  
To lose another pound

Work hard, don't have too much fun  
Don't look too old, don't act too young  
And you're wearin' thin  
'Cos everybody's tryin' to bring you down

Wipe the tears from your eyes  
You can change it all tonight  
Be yourself, yeah

And shine, don't let them take your sun away  
Don't listen to the words they say  
You can't let anybody take away that smile

Don't let them steal your dream away  
'Cos even on those rainy days  
It's your world and nobody can shine like you

What is real and what is not  
Only depends on what you got  
Runnin' round inside your head  
It's so dark it's hard to tell  
Will I hate myself today  
Or will I find the strength to say  
God help me feel the freedom  
Of the love inside myself

Wipe the tears on your eyes  
You can change it all tonight  
Be yourself, yeah

And shine, don't let them take your sun away  
Don't listen to the words they say  
You can't let anybody take away that smile

Don't let them steal your dream away  
'Cos even on those rainy days  
It's your world and nobody can shine like you

Wipe the tears from your eyes  
You can change it all, ohh

Shine, don't let them take your sun away  
Don't listen to the words they say  
You can't let anybody take away that smile

Don't let them steal your dream away  
'Cos even on those rainy days  
It's your world and nobody can shine like you  
It's your world and nobody can shine like you
