#### ONE SONG

One song, one song  
If I can sing this whole world just one song  
One song, one song  
Someone would ask, what would it be  
One song, one song  
If I can sing this whole world just one song  
One song, one song  
I said "Well, never that easy"  
Keep your faith, keep your beautiful smile  
You are loved, you are loved  
Pass it on, pass it on  
Keep your faith, keep your beautiful smile  
You are loved, you are loved  
Pass it on, pass it on  
One light, one light  
everbody knows we?re all just one light  
One light, one light  
Sometimes it?s hard to see  
One light, one light  
everbody knows we?re all just one light  
One light, one light  
I am you, you are me  
Keep your faith, keep your beautiful smile  
You are loved, you are loved  
Pass it on, pass it on  
Keep your faith, keep your beautiful smile  
You are loved, you are loved  
Pass it on, pass it on  
Pass it on, pass it on  
Pass it on, pass it on  
Pass it on, pass it on
