''Running Out Of Time''

The sun is down and the road is long
But something keeps me feeling strong - it's you
Bring tomorrow, I got nothing to lose

I've been wrong so many times
But I'll keep searching all the while - for you
Bring tomorrow, tonight I'll dive right through

These days I'm trying to find
Some place to rest my mind
I am blind to the place I'm trying to get to
But I'm... running out of time

And I've been told you can't get through to
Those who want to erase you - but I'll try
Bring tomorrow, I think she'll be on my side
Bring tomorrow, tonight I need to fly

These days I'm trying to find
Some place to rest my mind
I am blind to the place I'm trying to get to
But I'm... running out of time

These days I'm trying to find
Some place to rest my mind
I am blind to the place I'm trying to get to
But I'm... running out of time
