I love the moon and all his phases  
Smiling down on me, no matter what the place is  
I find myself stargazing  
Mostly finding you amazing by the moon

Oh, no one seems to understand this waning  
Condition of our friendship  
What's this we are contemplating?  
No one ever will  
But still I feel a kinship with the moon

Oh, I was lost to lose you  
And so my eyes would seem  
To be crying, to be lying  
I couldn't hide the dream  
But somehow I seem fulfilled  
And I always will

Because you've got the view  
And the clouds don't blind your way

But for all I've seen  
This could be our day  
I find myself stargazing  
Mostly finding you amazing by the moon

And oh, I was lost to lose you  
And so my eyes would seem  
To be crying, to be lying  
I couldn't hide the dream  
But somehow I seem fulfilled  
And I always will

Because you've got the view  
And the clouds don't blind your way  
But for all I've seen  
This could be our day  
I find myself stargazing  
Mostly finding you amazing by the moon

I find myself stargazing  
Mostly finding you amazing by the moon
