Everyone in is town
Saying the same thing
Wait â€™ til tomorrow
See what that brings

Moon rises
nbrings surprises to this small town

Tryna wait tonight
Til the midnight

Talks her loud
Remember the simple times

When a girl was on her own
And the world was full of charm
And the sun was coming up
To a better day

She says take me back
To a time i knew before
Before I open
My eyes and knew
I wanted more

And it waits the line
Of five and dime

The man stare, she says
She doesnâ€™ t mind

You set miles to feet
And she wears it on the sleep
And remebers the day she said
She was gonna leave

She says take me back
To a time I knew before
Before I open my eyes and knew
I wanted more

Uuh, itâ€™ s doubt to follow

Timeâ€™s not easy to swallow
Weâ€™re all lone for yesterday

We said take us back
To a time we knew before
Before I open my eyes and knew
I wanted you
