Oh oh oh
Let me tell you about the way I've known
I call the road my home
So it makes for nights alone
Without you

No, I travelled a million miles
You're the only thing that makes me smile
I think my baby all the while
I'm without you

So, so, so what I need to know
Know know know is when I get home
Will you still be there?

I've been around all day
Been around and not okay
Oh oh
'Cause I've missed you so
I'm coming home
Just to let you know
That I missed you

Oh oh oh
The first time I met her
I started feeling better
So I thought I let her in
Now she's my everything
The reason why I sing

She turns my Winter into Spring
When I'm with her

So, so, so what I need to know (know know know)
Is when I get home (home home)
Will you still be there?

I've been around all day
Been around and not okay
Oh oh
'Cause I've missed you so
I'm coming home

Just to let you know
That I missed you

Every time I see your face
I keep looking just in case
It's all perfect but there's something out of place

So, so, so what I need to know (know know know)
Is when I get home (home home)
Will you still be there?

I've been around all day
Been around and not okay
Oh oh
'Cause I've missed you so
I'm coming home
Just to let you know
That I missed you
