Put the top down
Drive to the sea
Leave the city lights
Behind me

Let it go

Feel the sun shine
On my face
Took some time
But I found my place
By letting go

You're gonna see me running
Faster than before
This engine's humming
She's gonna give me something more
If I let it go
Let it go
I'm done moving slow
Let it go

Turn the radio up
To hear that sound
The sticks on the snare
Making me get down
let it go

Those I know who
Don't know me
Always telling me
Which way to be
Gonna let it go

You're gonna see me running
Faster than before
This engine's humming
She's gonna give me something more
If I let it go
Let it go
I'm done moving slow
Let it go

The rearview's only madness
I'm gonna save myself from Los Angeles
So tell everybody
You won't ever find me
I'm letting go
Let it go
I'm done moving slow
Let it go
