I can't get to bed  
But I'm really tired  
The things in my head  
You used to admire  
In your sundrenched world  
It couldn't be worse  
Don't bother asking  
And here comes the nerves  
While I'm trying to bask  
In your sundrenched world

I'm talking to you  
But you're not listening  
I don't know what to do  
My heart is blistering  
Writing this song  
Tell me I'm not wrong

I close up my mouth  
When you're around now  
Suffocating in doubt  
I can't make a sound  
In your sundrenched world  
I always wanted to be

The one you looked to  
For the answers in me  
I'm the one who took you  
To your sundrenched world

I'm talking to you  
But you're not listening  
I don't know what to do  
My heart is blistering  
Writing this song  
Tell me I belong

It's all been said  
Once before  
We fucked around  
On your bedroom floor

I'm talking to you  
But you're not listening  
I don't know what to do  
My hands are blistering  
Writing this song  
Tell me I belong

Tell me I belong  
Tell me I  
Tell me I belong
