Baby, you don't even know me but one day I'll get up
the courage as you pass by.

You'll see.

Oh baby, one look just might save me.

I need you to slow by the corner. Stop right in front of
me.

'Til then I'll see you hopefully through.

I do wish that you'd ask me to ride along.

It wouldn't be wrong to tell me more than I know about
you.

She drives a vegetable car.

Diesel, Mercedes, green, two-door.

I barely know who you are.

Lisa Lobe glasses.

I'd sure like to ask you to stay.

Baby, I need you to save me. The one thing that my
heart requires is that you admire me.

'Til then I'll see you hopefully through.

I do wish that you'd ask me to ride along.

It wouldn't be wrong to tell me more than I know about
you.

She drives a vegetable car

Diesel, Mercedes, green, two-door.

I barely know who you are.

Lisa Lobe glasses.

I'd sure like to ask you to stay.

How do I know why the sight of you makes me weak?

Each time I see you turn onto my street

Your hair is always up in a bun.

This girl is the one.

She drives a vegetable car

Diesel, Mercedes, green, two-door.

I barely know who you are.

Lisa Lobe glasses.

Iâ'd sure like to ask you to stay.

Donâ't go.
