Ooohhh.....ahh

Something you said, it sits in my head
It's been there too long, it's killing me slow
It's rolling around, it's pushing me down
It's keeping the good part of me closed

Can't you see, that when I find you
I'll find me
Whoaaaa
I need you to know
Today, I wait for you always
Oooh
I need you to know
Today, I wait for you always

Ah.....ah....ah....

My only weakness is knowing your secrets
I'm holding them close, I'm holding them tight
I know the way to, silently make you
Smile with my eyes when you're trying to fight

Can't you see, that when I find you
I'll find me
Oooh
I need you to know
Today, I wait for you always
Oooh
I need you to know
Today, I wait for you always

It's when I find you, I'll find me

Ah.....ah....ah....

Can't you see, that when I find you
I'll find me
Oooh
I need you to know
Today, I wait for you always
Oooh

I need you to know
Today, I wait for you always

Ooooh
I need you to know
Today, I wait for you always

When I find you, oh when I find you
I'll find me
