It's the whiskey and the water
The fire and ice
No pleasure without sacrifice
The shore and the ocean,
The moon and the sun --
One without the other and both are done.

I believe in what's supposed to be
It's supposed to be you and me.

I'm with you forever
'Cause we're the best when we're together.
I'm with you forever
You are the only one and we've just begun.

Let the wave in your ocean
Follow my shore
Your glass is empty
I'll pour some more.
I left the table for lack of a muse
It gave me time to search for you.

I believe in what's supposed to be,
It's supposed to be you and me.

I'm with you forever
'Cause we're the best when we're together.
I'm with you forever --
You are the only one
We've just begun.

There are mountains that reach to the sky
That I'd climb to find you.
If you forget, I'll do my best to try
To remind you.

I'm with you forever,
'Cause we're the best when we're together
I'm with you forever,
You are the only one and
We've just begun
