Out on the sea, or lost in it's waves  
Right here in your arms is where I wanna stay  
And if I was wrong to love like I did  
Then I might be wrong time and again

Cause baby with love it's not about winnin'  
I got nothing to lose when it's love that I'm givin'  
Cause baby with love, I know that you're leavin'  
Cause you know what you give will be what you're recievin'.

Now up on the mountain is where we lay  
Just me and my baby away from the world  
Down in the valley it rains for days  
But we never see it, not me and my girl

Cause baby with love it's not about winnin'  
I got nothing to lose when it's love that I'm givin'  
Cause baby with love, I know that you're leavin'  
But you know what you give will be what you're recievin'
