I wish you well
Couldn't you tell after all these years
I wish you love
And life in a world that you're dreaming of

I wish you well
I wish you love
I wish myself
All of the above

What made me think
That I could survive all the wear and tear
It's not my thing
To stand here and pose for some William Tell

I wish you well
I wish you love
I wish myself
All of the above

If there was a better time I could not find it
What's mine's not yours and yours not mine and we
couldn't hide it
Don't take me on a ride with you, it's a roller-coaster
The only time I look at you is on a rock 'n' roll poster

I wish you well

Where are you now?
Couldn't you see through the sweat and tears
I took my bow
While you confirmed all my saddest fears

I wish you well
I wish you love
I wish myself
The world I'm dreaming of

I wish you well
I wish you love
I wish myself
All of the above

All of the above
All of the above
All of the above
