I only just turned 15  
I'm filled with hopes and dreams  
I turn my radio on  
And I hear the best song

-Chorus-

I love Britney Spears  
and Christina Aguilera,  
Backstreet Boys and N'Sync  
I dont know what to think  
I wooooo I wooooo  
I wooooo I wooooo

It's slick the way they dress  
I heard they all have gone west  
One thing I'd do if I can  
Is go on Britney's bus and get a tan  
They dance like like they are great 'cause they are  
Lets get the number of a choreographer  
They're so worried of what we'll think  
They took the time to learn how to really sing good

Milli Vanilli Milli Vanilli  
Milli Vanilli Milli Vanilli

-Chorus-

I love Britney Spears,  
and Christina Aguilera  
I'm love Britney  
I'm love Britney Spears  
and Christina Aguilera
