You gotta speed it up, and then you gotta slow it down
Coz if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up

You gotta turn it on, and then you gotta put it out
You gotta be sure that it's something everybody's
Gonna talk about
Before you decide that the times arrived
For making your mind up

Don't let your indecision, take you from behind
Trust your inner vision, don't let others change your
mind

And then you really gotta burn it up
And make another fly by night
Get a run for your money and take a chance
And it'll turn out right
And when you can see how it's gotta be
You're making your mind up

And try to look as if you don't care less
But if you want to see some more
Bending the rules of the game
Will let you find the one you're looking for
And then you can show that you think you know
You're making your mind up

Don't let your indecision, take you from behind
Trust your inner vision, don't let others change your
mind

And now you really gotta speed it up, and then you
gotta slow it down
Coz if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up

And now you really gotta speed it up, and then you

gotta slow it down
Coz if you believe that our love can hit the top
You gotta play around
But soon you will find that there comes a time
For making your mind up

For making your mind up
For making your mind up
For making your mind up
