You could say everything's no good
'Cause you'll just say what everyone else would
You could say that the sky is blue
'Cause I wonder who would ever not believe you
Should've said this for so long
So, so long

Shape shifter
Guest lister
Big faker, she'll turn around you'll diss her
Gate crasher
Re-hasher
If you think that's cool, whatever dude
Whatever dude

You could say what she wants to hear
'Cause it's her car
But she lets the bumps steer
You could say that it fixes in
But I don't believe it, not for a minute
'Cause you like all the same songs
But you're all wrong, you're just all wrong

Shape shifter
Guest lister
Big faker, she'll turn around you'll diss her
Gate crasher
Re-hasher
If you think that's cool, whatever dude
Whatever dude

Boys like you don't cost a dime
You could say that's fine, fine, fine, fine, fine
But you know just as well as I
That's a lie, lie, lie, lie

Gate crasher
Re-hasher
Big faker, she'll turn around you'll trash her
Shape shifter
Guest lister
If you think that's cool

Shape shifter
Guest lister
Big faker, she'll turn around you'll diss her
Gate crasher
Re-hasher
If you think that's cool
Whatever dude
Whatever dude
Whatever dude
Whatever dude
Whatever
