Stop and take a look around you.
Listen to your heart.
Stop, look, and listen
Why would you
Tear our love apart.
Tear our love apart.
Tear our love apart.

I can see the danger signals in your eyes
I realize you're thinking about leavin' me.
You know I've been true to you.
What can I do.
I ask you if it's true.
You've been deceiving me.

I think you better
Stop and take a look around you.
Listen to you your heart.
Stop, look and listen
Why would you
Tear our love apart.
Tear our love apart.
Tear our love apart.

They say you've been seeing other girls.
I'd give the world to turn away
And say that it's not true.
If you'll only look inside your mind
I think you'll find
Nobody else could love you like I do.

(boy you better)

Stop and take a look around you.
Listen to your heart.
Stop, look, and listen.
Why would you
Tear our love apart.
Tear our love apart.
Tear our love apart.

I'm the one that's loved you from the start.

Can't believe you'd want to break my heart.
Think of all that we've been through
When you find somebody new.

Stop and take a look around you.
Listen to your heart.
Stop, Look and Listen
Before you tear our love apart.

(hey)
Stop, take a look around you
Listen to your heart.
Stop, Look, and Listen
Why would you
Tear our love apart.
