Josie and the Pussycats: You Don't Need Me

this is the place where i sit
this is the part where i love you too much
is this as hard as it gets?
cause im getting tired of pretending im tough
I'm here if you want me
I'm yours, you can hold me
Im empty, im taken
Im dumb but im blaking

Cause you dont see me
and you dont need me
and you dont love me
the way i wish you would
the way i know you could

I dream a world where you understand
and I dream a million sleepless nights
I dream of fire when you're touching my hand
But it twists into smoke when i turn on the light

im speechless and faded
it's too complicated
is this how the book ends -
nothing but good friends?

Cause you dont see me
and you dont need me
and you dont love me
the way i wish you would
the way i wish you would, ooh

this is the place in my heart
this is the place where i'm falling apart
isnt this just where we met?
and is this the last chance that i'll ever get?
I wish i was lonely
instead of just "only"
crystal and see-through and not enough to you

Cause you dont see me
and you dont need me
and you dont love me
the way i wish you would

Cause you dont see me
and you dont need me
and you dont love me
the way i wish you would
the way i know you could
