This is the place where I sit
this is the part where I love you too much
is this as hard as it gets?
cuz i'm getting tired of pretending i'm tough
I'm here if you want me,
I'm yours you can hold me
I'm empty and taken
I'm tumbling and breaking

chorus:

Cause you don't see me
and you don't need me
and you don't love me
the way I wish you would
the way I know you could..

I dreamed a world were you understand
and I dream a million sleepless nights
Well I dream of fire when your touching my hand
but it twists into smoke when I turn on the lights
I'm speechless and faded
It's too complicated
Is this how the book ends?
Nothing but good friends.

Chorus

Bridge
Ohhhh..The way I wish you would...Ohhhh..

This is the place in my heart.
This is the place where I'm falling apart
Isn't this just where we met?
And is this the last chance that I'll ever get?
I wish I was lonely instead of just only
Crystal and see-through and not enough to you

Chorus x2
