(no)
(oh oh oh)
(yeah yeah)

You've come a long way baby
From my old neighborhood.
Just like a movie star
You sure are looking good.
Fancy uptown friends
And bright new cars that take you far.
But the boy I used to know
Is where I wanna go.

I know you've come a long way baby.
You're not the boy I used to know.
But if you want me for your lady,
You've still got a way to go.
You've still got a way to go.
You've still got a way to go on.

You've still got a way to go
You've still got a way to go on.

Once upon a time
You had Me loving you.
You were always there.
When I needed you
Look at you today.
You've got everything you wanted
'Cept for a little girl
You lost along the way.

I know you've come a long way baby.
I'm not the girl you used to know.
But if you want me for your lady,
You've still got a way to go.
You've still got a way to go.
You've still got a way to go on.

(oh)
I know you've gone a long way baby,
You're not the boy I used to know.

But if you want me for your lady,
You've still got a way to go.

I know you've gone a long way baby,
You're not the boy I used to know.
But if you want me for your lady,
You've still got a way to go.

I know you've gone a long way baby.
You're not the boy I used to know.
But if you want me for your lady...
