I'm tired but I can't move on  
Thinking 'bout how you're feeling me  
Thinking 'bout how you get to me  
I know this is where you're supposed to be

I know I said I need control  
But sometimes you've gotta let it go  
Stop, running from the I don't know's  
Stop trying to change the way they'll go

Giving head  
I know you really want to  
Giving head  
But you wait holding me proof  
Giving head  
I won't hold back up  
Giving head  
So  
Giving head  
Baby keep the lights on  
Giving head  
I wanna see how long  
Giving head  
We can keep the groove  
I'm ready for you, I'm making my move

I know you're tired of back and forth  
But this time I'm only real with you  
Put on until your sinner  
Boy, you're gonna see some crazy stuff

Brought my toys for show and tell  
A little  
A little Carmasutra with appeal  
Haven't she even given head?

Give it here now

Front to back (front to back)  
To take it round and round (we're gonna round and  
round)  
No more up's and down's

Hold the same emotion

Giving head  
I know you really want to  
Giving head  
But you wait holding me proof  
Giving head  
I won't hold back up  
Giving head  
So

Giving head  
Baby keep the lights on  
Giving head  
I wanna see how long  
Giving head  
We can keep the groove  
I'm ready for you, go 'head bust a move

I want you to know that this ain't for a night  
I want your mind twisted all up and giving it up to me  
From every side

I'm natural hot  
Tentric pleasure, forever

Giving head  
I know you really want to  
Giving head  
But you wait holding me proof  
Giving head  
I won't hold back up  
Giving head  
So  
Giving head  
Baby keep the lights on  
Giving head  
I wanna see how long  
Giving head  
We can keep the groove  
I'm ready for you, go 'head bust a move

Giving head  
I know you really want to  
Giving head  
But you wait holding me proof  
Giving head  
I won't hold back up  
Giving head  
So  
Giving head

Baby keep the lights on  
Giving head  
I wanna see how long  
Giving head  
We can keep the groove  
I'm ready for you, go 'head bust a move
