(Verse 1)

I'm heading to the ball, to the ball
And you go watch me walk, watch me walk
Move over miss thing, you need to make room
Sit back, grab a shot and watch me
Cak cak cak
What?!

I see you watching me go
Down down down, down to the ground
Fan it and drop it
Tip, tip, dip, flick
I see you watching me go zown zown
Fan it and drop it
Zown zown zown
Zown to the ground

I twerk it, now work it bitch (I twerk it, now work it bitch)
I twerk it, now work it bitch (I twerk it, now work it bitch)

(Chorus)

I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirt

(Verse 2)

The kids say she's sickening (sickening)
You forget I'm the OG, the real thing
Ready, im'ma give you a show, a show
Taking notes while I
Gang gang gang
What?!

I see you watching me go
Down down down, down to the ground
Sit night hip, tip tip, back ball change, hair flip
I see you watching me go zown zown
Fan it and pop it
Zown zown zown
Zown to the ground

I twerk it, now work it bitch (I twerk it, now work it bitch)
I twerk it, now work it bitch (I twerk it, now work it bitch)

(Chorus)

I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirt

I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirt

(Bridge)

What? You wanna battle me?
Girl, do you see this?
You better beat that, you better eat that
You better work that
What? You wanna battle me?
Girl, do you see this?
You better beat that, you better eat that
You better work that

I twerk it, now work it bitch (I twerk it, now work it bitch)
I twerk it, now work it bitch (I twerk it, now work it bitch)

(Chorus)

I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirt

I'm more than what's under my skirt, my skirt
I know you want what's under my skirt, my skirt
Divas, divas, time to work, time to flirt
Divas, divas, time to work, time to flirt
