(Verse 1)

When I was just a young girl
I never felt insecure
Danced my way into the world
With no inhibitions at all
They said I was different
Questioned what happened everywhere I went
Pretended like I didn't care
Every time people would stop and stare
Those days made me change the way I saw myself as
so unpretty
I knew inside I was beautiful if I smiled

(Chorus)

Doesn't matter what comes our way
I know we'll be okay
Tomorrow is a brighter day
So don't be afraid we're getting stronger
Even when the tears fall I pray the sun will wash away
the pain
Like a star
In the sky
You will shine
If you keep on smiling (Just keep on smiling)

(Verse 2)

Been all over this world
I'm thankful for the lessons I've learned
One thing I know for sure (I know for sure)
We're all the same wherever you go
They said I was different
Questioned what happened everywhere I went
Pretended like I didn't care
Every time people would stop and stare
Those days made me change the way I saw myself as
so unpretty
I knew inside I'm beautiful if I smiled

(Chorus)

Doesn't matter what comes our way
I know we'll be okay
Tomorrow is a brighter day

So don't be afraid we're getting stronger (Stronger)
Even when the tears fall I pray the sun will wash away
the pain (I pray to wash away the pain)
Like a star
In the sky
You will shine (Shine with me)
If you keep on smiling

(Bridge)

Everyone has something that they gotta believe
Just to guide their own way through the fear
It's alright you can trust what you feel just believe
And with a smile follow your dreams

(Chorus)

Doesn't matter what comes our way
I know we'll be okay
Tomorrow is a brighter day
So don't be afraid we're getting stronger
Even when the tears fall I pray the sun will wash away
the pain
Like a star
In the sky
You will shine
If you keep on smiling

(Outro)

This is for all my beautiful people out there
Just dream and believe
Anything is possible if you keep on smiling
