(feat. Elton John)

[Elton John:]

On a hill long ago  
On a cold winter's night  
In a land far away  
Three kings saw a light  
And from heaven it shone  
Like God's  
God's own crown  
And it guided three kings  
Into Bethlehem town

[Joss Stone:]

Oh they came bearing gifts  
And so said each one  
Let's call this day Christmas  
From this  
Moment on  
We'll be calling it Christmas  
In, in honour of him  
The child in the manger  
Our saviour and king

[Elton John:]

We've been calling it Christmas  
Keeping the faith

[Joss Stone:]

Knowing the reason  
We're, we're saving the day

[Elton John:]

We've been calling it Christmas  
Down through the years

[Joss Stone:]

(Down through the years, baby)  
Spreading joy to the world  
When Christmas is here  
(Is here)

[Elton John:]

Oh a simple belief

Was the start of it all  
A small child asleep  
On a bed made of straw

[Joss Stone:]  
At the back of an inn  
Where, where shepherds and kings  
First felt the joy that  
This moment would bring

[Elton John:]  
We've been calling it Christmas  
Keeping the faith

[Joss Stone:]  
Knowing the reason  
We're, we're saving the day

[Elton John:]  
We've been calling it Christmas  
Down through the years

[Joss Stone:]  
(Down through the years, baby)  
Spreading joy to the world  
When Christmas is here  
(Is here)

[Joss Stone:]  
We've been calling it Christmas  
Down through the years  
(Down through, down through)  
Spreading joy to the world  
When Christmas is here  
(Is here)

[Joss Stone:]  
Spreading joy to the world  
When Christmas is here  
Spreading joy to the world  
When Christmas, ooh  
Is here  
(Is here)
