I hold my cards close to my chest
I had my heart put to the test
nah nah nah nah
nah hell nah
I dont want to be in love

left me in the dark confused because
you moved the mark
I dont know how far you go
is this the start

will this episode explode
to the light of love i just dont know
is this the door that will never close
like its done before
a thousand times

I hold my cards close to my chest
I had my heart put to the test
nah nah nah nah
nah hell nah
I dont want to be in love

if you asked me this a year ago
to lay down by your side
i'd run a mile
being close to impossible
had too much to lose
just the thought of letting go
i never know but you keep pushing on
pushing on

I hold my cards close to my chest
I had my heart put to the test
nah nah nah nah
nah hell nah
I dont want to be in love
I dont want to be in love

in love
I dont want to be in love
dont make me baby

dont make me baby
dont make me be in love

i think that ive just found me
right one
but i cant believe im the last one
to know

I hold my cards close to my chest
I had my heart put to the test
hell no
I dont want to be in love
I really dont want to be in love
dont make me be
take it back baby
I dont want to be
I dont need to be in love
hear me baby
I dont want to be in love,no,no
I dont want to
I cant
I dont need to be
I dont want to be in love baby
take it back
take it away from me
take it away baby
I cant handle it
I dont want to be apart of it

I cant believe that I am the last one
the last one the last one to know what
the hell is going on
i cant believe im the last to
know
say it aint so
please
