It's a family affair
It's a family affair
It's a family affair
It's a family affair

One child grows up to be
Somebody that just loves to learn
Another child grows up to be
Somebody we just love to burn

Mom loves the both of them
You see it's in the blood (x2)
Both kids are good to mom
Blood's thick than the mud
it's a family affair

It's a family affair, its a family affair

I'm that newlywed just a year ago
But they're still checking each other out
And nobody wants to blow

Nobody wants to be left out

you cant leave cuz you're heart is there
Sorry you can't stay, cuz you have been somewhere
else
You can't cry cuz you look broke down
it's a family affair

it's a family affair (x7)
