In the game of love  
It takes all you got  
Just to keep it moving up  
And don't you wanna reach the top?

But heaven seems  
Such a crazy dream  
If your heart has room for doubt  
You're neither in you're neither out

Ninety nine and a half, it just won't do  
You gotta give me all of you  
Not asking too much of a heart that's true  
So tell me

What's the name of the game that we are playing?  
But whenever I think that we are winning  
Then you roll the dice take a slide  
Right back to the one from ninety nine

Is it gonna go on like this forever?  
Are we gonna take that last step together?  
Going round and round and up and down  
Feels just like snakes and ladders

Baby don't it feel  
Like a carousel  
Where all the world is rushing by  
But when it stops you realize

That you're right back  
Where you started at  
I need a little more than that  
It time for us to face the facts

Whether to be or not to be?  
That is the question so it seems  
We're going nowhere in between  
So tell me

What's the name of the game that we are playing?  
But whenever I think that we are winning

Then you roll the dice take a slide  
Right back to the one from ninety nine

Is it gonna go on like this forever?  
Are we gonna take that last step together?  
Going round and round and up and down  
Feels just like snakes and ladders

Don't wanna play this game no more  
I wanna know right now for sure  
What am I giving my heart for?  
Baby I need a little more  
Don't leave me hanging on a string  
Now that I gave you everything

Not when I play to win  
Snakes and ladders

What's the name of the game that we are playing?  
But whenever I think that we are winning  
Then you roll the dice take a slide  
Right back to the one from ninety nine

Is it gonna go on like this forever?  
Are we gonna take that last step together?  
Going round and round and up and down  
Feels just like snakes and ladders

What's the name of the game that we are playing?  
But whenever I think that we are winning  
Then you roll the dice take a slide  
Right back to the one from ninety nine

Is it gonna go on like this forever?  
Are we gonna take that last step together?  
Going round and round and up and down  
Feels just like snakes and ladders
