Your scars were still showing when I first met you, baby
From all she had done to you
And I came along and applied a little loving
Slowly but surely I brought you through

Now she's back to rekindle that old flame
She's got a different angle, baby
But she's playing the same old game

Baby, don't be a victim of a foolish heart
Don't let her lies get next to you, don't
Oh, she is just trying to tear us apart
And she's trying to make me, to make me her victim
too
Don't be a victim

Now I know she comes around here every time I leave
'Cause she knows, she's still on your mind, on your
mind
See, even a wise man jumps
In misery somewhere down the line

But only a fool will jump the second time
Our affair is growing stronger every day
Don't let her come and steal our happiness away

Baby, don't be a victim of a foolish heart
Don't let her lies get next to you, no
She is just trying to tear us apart
And she's trying to make me, to make me her victim
too
Don't be a victim

Now she's back to rekindle that old flame, oh
She's got a different angle, baby
But she's playing the same old game

Baby, don't be a victim of a foolish heart
Don't let her lies get next to you, don't
Oh, she's just trying to tear, tear us us apart
And she's trying to make me, oh to make me her victim
too

Don't be a victim

I'm not gonna let her make me, I'm not gonna let her
um

I'm not gonna let her make me, I'm not gonna let her
um

I'm not gonna let her make me, I'm not gonna let her
um

Can't you see what she's doing to you boy?

No, no, no

Don't be a victim
