Aah haa
Aah haa
Aah haa haa aah

You're wastin' your time
Tryin' to tear us up apart
You can't stop our plans
We were destined from the start
He loves me, I love him
And even though we're young at heart
See you're the one in denial

Tired of creepin' around when I'm cravin' for
His kiss
Whenever I'm lonely, he is the only one
I miss
You say it ain't right but I think that you got it wrong
It's bliss
And I love him yeah yeah
I love him

He makes me go, ooh ooh ooh ooh
When he looks at me
Hoo hoo hoo hoo hoo
And it's plain to see
Nothin' you can do, ooh ooh ooh ooh
To discourage me
And I love him
I really love him, ohh ho

You're wastin' your time
Tryin' to tear us up apart
You can't stop our plans
We were destined from the start
He loves me, I love him
Even though we're young at heart
You're the one in denial

My parents say I'm too good and that he doesn't
Deserve me
My friends think he's not cool enough so they'd rather
Desert me

My sister says her boyfriend has a brother and she'll
Introduce me
But I don't want him, no
I've got my man

There's nothin' you can do, ooh ooh ooh
To discourage me
I'm coo ooh ooh hoo hool with my man's family
If you were in my shoo, ooh ooh ooes
You'd feel differently
But you're in denial
You're in denial, oh ho

You're wastin' your time
Tryin' to tear us up apart
You can't stop our plans
We were destined from the start
He loves me, I love him
Even though we're young at heart
See you're the one in denial
You're the one in denial, hold
You're the one, you're the one, ah
You're the one in denial

Said I would
Cry for him, lie for him
Hell, I'd even die for him
Cry for him, lie for him
Hell, I'd even die for him
Cry for him, lie for him
Hell, I'd even die for him, oh
Baby, ohh, ho

You're wastin' your time
Tryin' to tear us up apart
You can't stop our plans
We were destined from the start
He loves me, I love him
And even though we're young at heart
See you're the one in denial, oh ho

You're wastin' your time
Tryin' to tear us up apart
(Oh ho)
You can't stop our plans
We were destined from the start
(Oh ho)
He loves me, I love him
(Oh ho)
Even though were young at heart
(Oh ho)

See you're the one, you're the one, ah
You're the one in denial
Ho ho ohh
