### "Kiss Me Softly"

There's a state of grace that happens every day  
It's a feeling I thought lost of locked away  
Another question to an answer that I know  
Oh, are you coming home, coming home for sure  
I'd walk a thousand miles, just to hear you calling out  
my name

Chorus:

Kiss me softly kiss me slowly  
I get lost in you like only lovers do  
Hold me closer love me tender  
I get swept away like only lovers do

You've awakened something deep inside my soul  
And every moment, every breath I feel it more  
Your hidden treasures that you keep down deep inside  
We make love freely as we watch the new sunrise  
I'd live a thousand lives if every one I loved could be  
with you

Repeat chorus

I'd live a thousand lives  
If every one I loved could be with you...

Repeat chorus 2x

Only lovers, only lovers, only lovers do  
Only lovers, only lovers, only lovers do  
Only lovers, only lovers, only lovers do  
Only lovers, only lovers, only lovers do
