"All The Way"

I kiss you and I feel you pull away
It hurts me when I see you hesitate
Mistakes I've made, wish I could take them back
Say it's not too late to hear you

Speak your heart and I will listen
Don't hold back, we'll find what's missin', I'll take you
all the way
Close your eyes and think forever
If you believe we go together I'll take you all the way

Sifting through the memories we have known
Looking back at places we have gone
Let's not leave behind what so few have found
Love ain't not always easy so

Speak your heart and I will listen
Don't hold back, we'll find what's missin', I'll take you
all the way
Close your eyes and think forever
If you believe we go together I'll take you all the way

I'll take you all of the way
I'll take you all of the way
From the miles that come between us
To faith in love and where it leads us
I'll take you all the way

Oh, I'll take you all the way
Oh, I'll take you all the way
From the miles that come between us
To faith in love and where it leads us
I'll take you all the way
All the way
