"Ask The Lonely"

You've been picked and it's over
What's the chip on your shoulder?
Out side were solid rainbows
Inside is where the heart grows

Picking up the pieces
Something more to believe in
As you search the embers
Think what you've had, remember

Hang on, don't you let go now
You know, with every heartbeat, we love
Nothing comes easy
Hang on, ask the lonely

You've got some fascination
With you high expectations
This love is your obsession
Your heart, your past possession

Let down your defenses
Won't be up to the one who cares
As you search the embers
Think what you've had, remember
Hang on, don't you let go now
You know, with every heartbeat, we love
Nothing comes easy
Hang on, ask the lonely

When you're feeling love's unfair
You just ask the lonely
When you're lost in deep despair
You just ask the lonely

When you're feeling love's unfair
You just ask the lonely
When you're lost in deep despair
You just ask the lonely

When you're feeling love's unfair
You just ask the lonely
When you're lost in deep despair

You just ask the lonely

Ask the lonely

When you're down in deep despair

When you're down in deep despair

Ask the lo-lo-lonely, lo-lo-lonely

Lonely
