### "Chain Of Love"

One precious moment in a state of grace  
Send the mantra to an endless night.  
Feel the glow, feel the peace of mind  
True perfection in one true light

Pathways in my mind that lead to nowhere  
Promises of happiness that leave me wanting more  
When my desire becomes a nightmare  
Feel paranoia about what I'm wishing for.  
If I could just let go of who I think I am  
Surrender to the silence, help me understand

[Chorus]

There's no beginning, there's no end  
There is no self, no fortress to defend  
An endless circle beyond space and time.  
It's the chain of love that binds me  
The chain of love defines me.  
Chain, chain, chain, chain of love.

Voices in my head that try to rule me.  
I've found a place where I can't hear them anymore.  
My own illusions come to fool me  
Lost in emotions that I've never touched before.  
If I could get beyond what's in my mind  
Free my spirit, leave the world behind

[Chorus]

There's no beginning, there's no end  
There is no self, no fortress to defend  
An endless circle beyond space and time.  
It's the chain of love that binds me  
The chain of love defines me.  
Chain, chain, chain, chain of love.

One precious moment in a state of grace  
Send the mantra to an endless night.  
Feel the glow, feel the peace of mind  
True perfection in one true light

[Chorus x2]

There's no beginning, there's no end  
There is no self, no fortress to defend  
An endless circle beyond space and time.  
It's the chain of love that binds me  
The chain of love defines me.  
Chain, chain, chain, chain of love.
