"Edge Of The Moment"

Blood red sky fades to blue,
Miss your touch in shadows I'm waiting.
Sweet memories of holding you near,
In your eyes anticipating.

One embrace and two worlds collide,
Feel the heat of our sweet surrender.
Melt away with me there's nothing else,
Time stands still when we are together.

On the edge of a moment,
Return to forever with you.
We made love over lifetimes,
Rapture so rare to be true.
I keep holding onto,
On the edge of the moment,
With you.

Letting go of all I knew,
My heart's racing fast,
Not sure where I'm going.
Nothing certain there's nothing to lose.
You by my side all that I know is...

On the edge of a moment,
Return to forever with you.
We made love over lifetimes,
Rapture so rare to be true.
I keep holding onto,
On the edge of the moment,
With you.

Oh, with you.

With your sweet love I lose all track of time,
'Til I don't know if it's day or night.
Before it all fades into the past,
Wanna see how long we can make it last.
Come a little closer,
Into my arms.

On the edge of a moment,
Return to forever with you.
We made love over lifetimes,
Rapture so rare to be true.
I keep holding onto,
On the edge of the moment,
With you.

Oh, with you.
