And if you hold on through the night  
I'll tell you what I'll do  
I'll sing you love songs and hold you tight  
And this is what I'll do

All for you, for you, all for you  
The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same

And like a seed that's blessed by the sun  
A rose will come to you  
And as the song bird flies through the sky  
It sings it's song for you

All for you, for you, all for you  
The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same now  
Always be the same now

And if your colors all run dry  
I'll tell you what I'll do  
I'll bring a rainbow to your eyes  
Yes, this is what I'll do

All for you, for you, all for you  
The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same

All for you, for you, all for you  
The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same

All for you, for you, all for you  
The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same

All for you, for you, all for you

The clouds would spell out your name  
All for you, for you, all for you  
My love will always be the same

All for you, all for you  
All for you, all for you  
All for you
