

Journey "Here We Are"

Visit "[Here We Are](#)" on MotoLyrics.com

When you give your all and you're feeling small
Don't you cry?
If you're crying loud you won't feel so proud
Don't you cry?

There's a place to be won't you stay with me
You can help us see, here we are
Let yourself go by
You can touch the sky if you try

All you've got to show, you may never know
What you are
If you ever try, can you tell me why
Why you are?

Only you will know, and you picked your show
Can you tell me though, will you know?
If you feel like me, you can't help but please
Who you know

If you're feelin' low, will you tell me though
Who you are
Only you will know, and you picked your show
Can you tell me though, will you know know know know?

If you feel like me, you can't help but please
Who you know
