In the jungle I run tonight  
Find no peace to logical life  
No confusion, just wrong or right  
Oh yeah

Faces, numbers I recognize  
You don't fool me with cynical lies  
No problems, no compromise  
Oh yeah

Only solutions  
Dont pull me down, I just wanna hear  
Only solutions  
Oh, it wont be long, it wont take too long

Modern times drive me insane  
Explanations I cant explain  
Leaves me standing in the rain  
Oh yeah

Solving mysteries with nothing to lose  
Magic leaves you without any clues  
Theres only so much one man can do  
Oh yeah

Only solutions  
Dont pull me down, I just wanna hear  
Only solutions  
Oh it wont be long, it wont take too long

Only solutions  
Dont pull me down, I just wanna hear  
Now that the sun is shining  
Clear vision, clear vision

In the jungle I run tonight  
Find no peace to logical life  
No confusion, just wrong or right  
Oh yeah

Faces, numbers I recognize  
You dont fool me with cynical lies

No problems, no compromise  
Oh yeah

Only solutions  
It's my point of view  
Only solutions  
Oh, clear vision

Only solutions  
No second thoughts  
Only solutions  
No, no, no contradictions

[Incomprehensible]  
No escape
